

BETWEEN THE SHEETS

A Message from your Board of Directors ...

It has almost been a month since we communicated to you on March 15th our difficult decision to close our club indefinitely. This sadly brought our 2019/2020 season to an abrupt end and meant we could not hold our final bonspiel and various league end of season events and festivities. This of course was done keeping the safety of you our members, your families and our community top of mind. We trust you understand and hope that all of you are continuing to stay safe and are practicing physical distancing.

We as your Board have been meeting via video conference to address our continuance plan as the COVID 19 pandemic situation continues to evolve and would like to share several additional decisions we have made. We must defer some of our upcoming planned events in May and June and also consider some further planned dates in July at risk and therefore tentative. Please note the details below. In addition, after consultation with Jake Speedie the current thoughts for the Wednesday Night Men's League playoffs is that they will be completed at the beginning of the 2020/2021 season and that the Steak Dinner Night will also be held this fall - date TBD. Funds collected from the Thursday night Mixed League 50/50 draw will also be carried forward to the 2020/2021 season as well.

In the weeks and months ahead we will continue to keep you informed of further event date changes and confirmations as the situation continues to evolve. If not before we will be in touch again early June. In the meantime we wish you health and resolve to stay the course for the safety of all.
