

BETWEEN THE SHEETS

COVID UPDATE ...

Your Board of Directors and League Leads would like to thank everyone for your cooperation and support in following our BCC Covid Protocols. Our cautious approach, designed to ensure the safety of our members, has meant that we have made it through almost our entire season without a club outbreak necessitating a closure. Many clubs have not been so lucky. We want to keep it that way. As many protocols are now being phased out your BOD has decided to continue with some safety measures. This not only affects the last few weeks of our curling season but upcoming events past our closure date and our position on rentals that are no longer suspended.

Still required is passive self screening and the wearing of masks in the lounge when not drinking or eating. We will no longer require you to sign in. The use of hand sanitizer and social distancing is still encouraged. Cleaning and disinfection of tables and chairs we believe is a good practice to continue. The disinfection of curling rocks is no longer required, but we encourage those who borrow equipment to wipe them down for your own safety. For the time being we have chosen to continue with our double vaccination requirements for everyone 12 and over and will now allow children under 5 into the building. We look forward to a full house at our traditional year end Brunch and Blade!

This 'Between the Sheets' is loaded with dates regarding curling and fundraising events. While you can mark your calendars ... our website calendar of events has been updated! ANY questions - please email us at info@beavertoncurlingclub.com
